Sir:

RESUBMISSION OF DOCUMENTS

**ORIGINALLY CITED IN MAY 16, 2006, INFORMATION DISCLOSURE STATEMENT
AND UPDATE OF CO-PENDING APPLICATION INFORMATION**

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicant brings to the attention of the Examiner the documents listed on the enclosed IDS Form PTO/SB/08. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), a request to charge the fee of \$180.00 as specified by Section 1.17(p) is included in the Transmittal Letter filed herewith.

10/06/2006 CNGUYEN2 00000083 10600004

02 FC:1806

180.00 DA

Copies of the cited Office Actions in issued or co-pending patent applications are not enclosed because they are available on the USPTO Image File Wrapper System of PAIR.

The Office did not previously consider these references. Therefore, Applicant resubmits them herewith and respectfully requests the Examiner to consider these references in view of the holding in *Dayco Products, Inc. v. Total Containment, Inc.*

The United States Court of Appeals for the Federal Circuit held in *Dayco Products, Inc. v. Total Containment, Inc.*, 329 F.3d 1358, 66 U.S.P.Q.2d 1801 (Fed. Cir. 2003), that an “adverse decision” by another examiner may meet the materiality standard under the amended Rule 56, and thus, applicants should disclose prior rejections of “substantially similar claim[s]” to the Office. Accordingly, although Applicant is not representing that the Office Actions in the co-pending applications are material to the present application and are not admitting that any of the other claims are substantially similar, out of an abundance of caution, Applicant has listed the substantive Office Actions filed in co-pending applications on the enclosed Form PTO/SB/08.

Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

Also as a courtesy to the Examiner, Applicant hereby updates the cross-reference table, previously submitted on December 13, 2004, with the patent and publication numbers for the following commonly assigned U.S. patents and co-pending U.S. patent publications:

US 2004/0170713 A1 to Kelly (published June 3, 2004);

US 2005/0036962 A1 to Kelly et al. (published February 17, 2005);

US 2005/0049424 A1 to Kelly et al. (published March 3, 2005)

US 2005/0059616 A1 to Kelly et al. (published March 17, 2005);

US 2005/0119301 A1 to Husband et al. (published June 2, 2005);

US 2005/0131047 A1 to Kelly et al. (published June 16, 2005);
US 2005/0143588 A1 to Heaton et al. (published June 30, 2005);
US 6,987,098 B2 to Kelly (issued January 17, 2006);
US 7,033,621 B1 to Kelly (issued April 25, 2006);
US 7,045,155 B2 to Kelly (issued May 16, 2006);
US 2006/0106220 A1 to Heaton et al. (published May 18, 2006);
US 2006/0167083 A1 to Kelly et al. (published July 27, 2006); and
US 2006/0217564 A1 to Heaton et al. (published September 28, 2006).

This resubmission does not represent that a search has been made or that better art exists. It does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the claimed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Respectfully submitted,
FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
